CARE & MAINTENANCE OF COATED ALUMINUM

The painted aluminum and exterior laminated wall panels will maintain most of its original manufacturers color, however, atmospheric conditions and sun exposure may cause discoloring not covered under this warranty. Exterior laminated wall panels should require repainting as a normal maintenance procedure, as this painted finish is affected by normal wear and tear from exposure to atmospheric conditions, extreme sunlight and normal weathering.

Cleaning Tips

In addition to their enduring good looks, Metals USA sunroom products are easy to maintain. Airborne pollutants, however, such as emissions from autos and local manufacturing plants, can cause an acidic build-up on any baked enamel product surface. This can easily be removed by periodic cleaning with any household detergent. Simply mix a few teaspoons of dishwashing liquid in a bottle or hose sprayer and apply liberally to all exposed surfaces, then rinse freely.

CAUTION: DO NOT USE ABRASIVE OR SOLVENT-TYPE MATERIALS OR PAINT REMOVER. THOSE MATERIALS MAY SOFTEN OR REMOVE YOUR BAKED ENAMEL FINISH.

Clean Weep Holes

The weep holes at the base of the curved glass should be cleaned periodically to remove any debris that may collect. Simply spray the weep holes clear using a garden hose. Do not use HIGH pressure spray, as this may loosen the glass seal.

To Remove Mildew

Black spots on the surface of your aluminum product may be caused by mildew. Watch carefully for it, especially on protected surfaces, such as beneath eaves or in patio enclosures. To eliminate mildew, prepare the following solution:

- 1/3 cup detergent (example: Tide)
- 2/3 cup tri-sodium phosphate (example: Soilax)
- 3 quarts of water
- 1 quart 5% sodium hypochlorite (example: Clorox)

Mix ingredients together and apply with sponge or cloth to mildewed areas. Wear protective gloves and avoid skin contact.

CAUTION: GREATER CONCENTRATIONS MAY CAUSE DAMAGE TO THE ALUMINUM FINISH. AVOID SKIN CONTACT. FOLLOW INSTRUCTIONS FOR CLEANING AND RINSING GIVEN ABOVE UNDER "CLEANING TIPS".
